

NIKKI PEEL

FRONT END DEVELOPER

nikkipeel.com

PERSONAL PROFILE

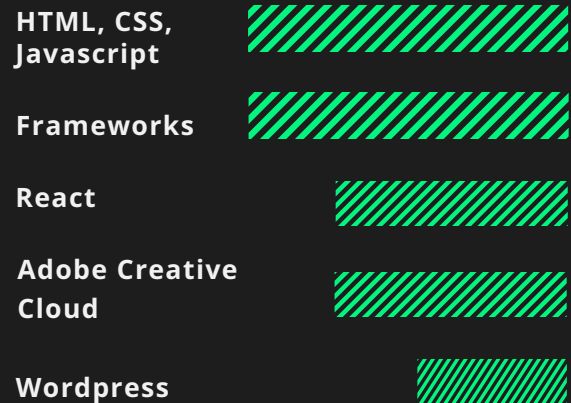

I'm a junior-level Web Developer with a background in Customer Satisfaction and Restaurant Management. I create responsive, accessible websites using a variety of modern tools and frameworks. I'm experienced with using Adobe programs such as Photoshop and Illustrator as well as XD for prototyping.

I'm a self-motivated learner seeking remote opportunities to contribute to a team that takes pride in writing semantic code, collaboration, client satisfaction, and growth.
